

## **TFS Library for *Long-Term Version***

### **Main features:**

- *5600+ solid objects*
- *700+ UHD Buildings, Ground Vehicles and Vegetables*
- *OpenGL 4.6, Vulkan 1.3 support*

### **System requirements:**

*Minimum X-plane version: 11.50+*

### **Installation:**

Just extract the compressed file into your X-plane folder. Replace old files (if needed).

### **Usage:**

You can use and edit all items for your scenes, including the paid one. Please ensure that you have known all relevant documents.

We also thanks to developers that help us to build to Library: TheFlightSimulations Staff, Blacky 75, FF, MisterX, R2.
